Medismart

Medical shop software

Billing - Stock - Shelves - Cash - Staff

User Guide (Shop)

Step by step: software ko kaise use karna hai

Demo login (check karne ke liye)
Shop Admin (malik): username **admin**, password **admin**
Counter Staff: username **staff**, password **staff**
Pehle login ke baad passwords badal dena (Tools - Staff and Rights).

Software kholne ke liye: folder me **index.html** double-click karo. Koi install nahi chahiye.

Is guide me kya hai

No.	Topic
1	Software ka idea: maal sirf warehouse se
2	Login aur shift shuru karna (cash ginna)
3	Bill banana
4	Maal kam hai: Stock Request
5	Maal aaya: Receive Stock (scan) aur Shelf
6	Shelves
7	Warehouse ko maal wapas (scan + reason)
8	Cash Register: shift, cash in/out, difference
9	Expiry, hisaab aur reports
10	Staff aur Attendance
11	Alerts
12	Files, routine aur dikkatein

Sabse zaroori baatein

1. Dawai **sirf warehouse se** aati hai. Shop me dawai, supplier ya account banane ka koi kaam nahi.
2. Har login par **shift**: shuru me drawer ka cash ginke daalo, jaate waqt ginke daalo. Software batata hai kitna hona chahiye aur difference kitna hai.
3. Naye maal ki **shelf** receive karte waqt tay hoti hai. Jo dawai pehle se shop me hai uski shelf apne aap dikhti hai.
4. Roz ka **backup** lena mat bhoolna (File - Backup and Restore).

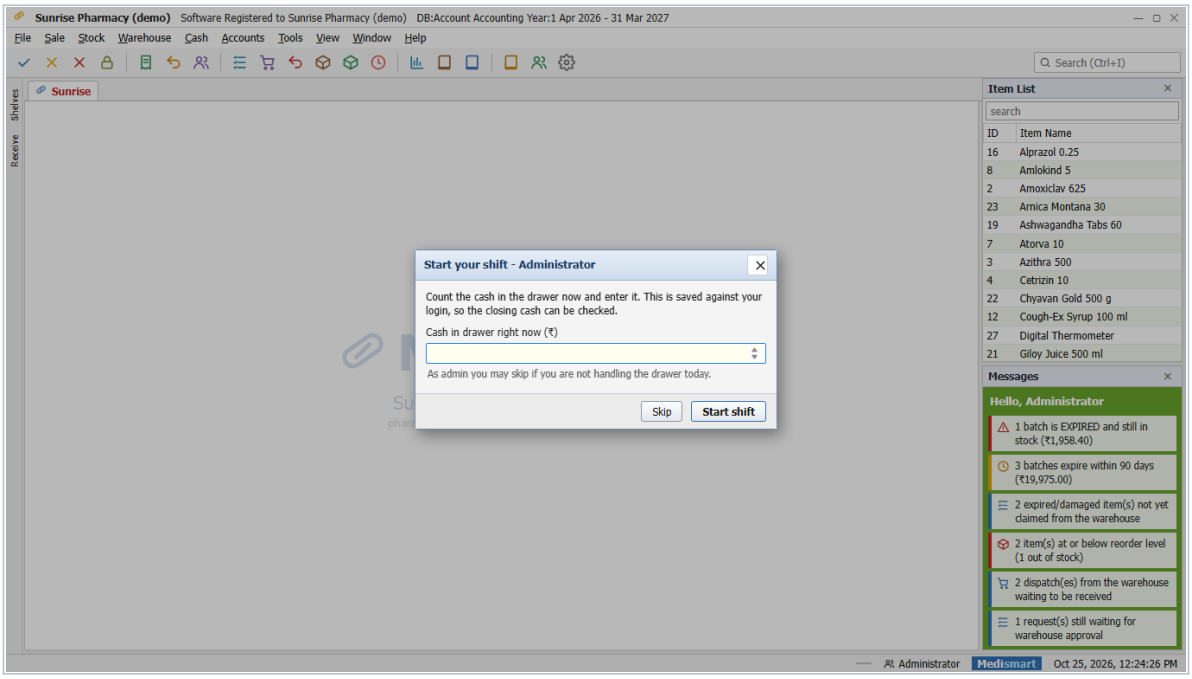

1. Software ka idea

Medismart **billing, stock aur cash** teeno sambhalta hai. Is shop ka maal kisi bahar ke supplier se nahi aata, **sirf warehouse se** aata hai. Warehouse ka software alag hai. Dono ke beech abhi **files** se kaam hota hai.

Kaun	Kya karta hai	Software me kahan
Shop	Kam stock dekhta hai, request banata hai	Warehouse - Stock Request
Shop	Request file warehouse ko deta hai	Request List - Export request file
Warehouse	Strips scan karke maal bhejta hai, dispatch file deta hai	Warehouse ka software
Shop	Dispatch file import karta hai, strips scan karke ginta hai, shelf tay karta hai	Warehouse - Receive Stock
Shop	Dawai bechta hai	Sale - Sales Bill
Shop	Expired / damaged / fazool maal scan karke wapas bhejta hai	Warehouse - Return Stock to Warehouse

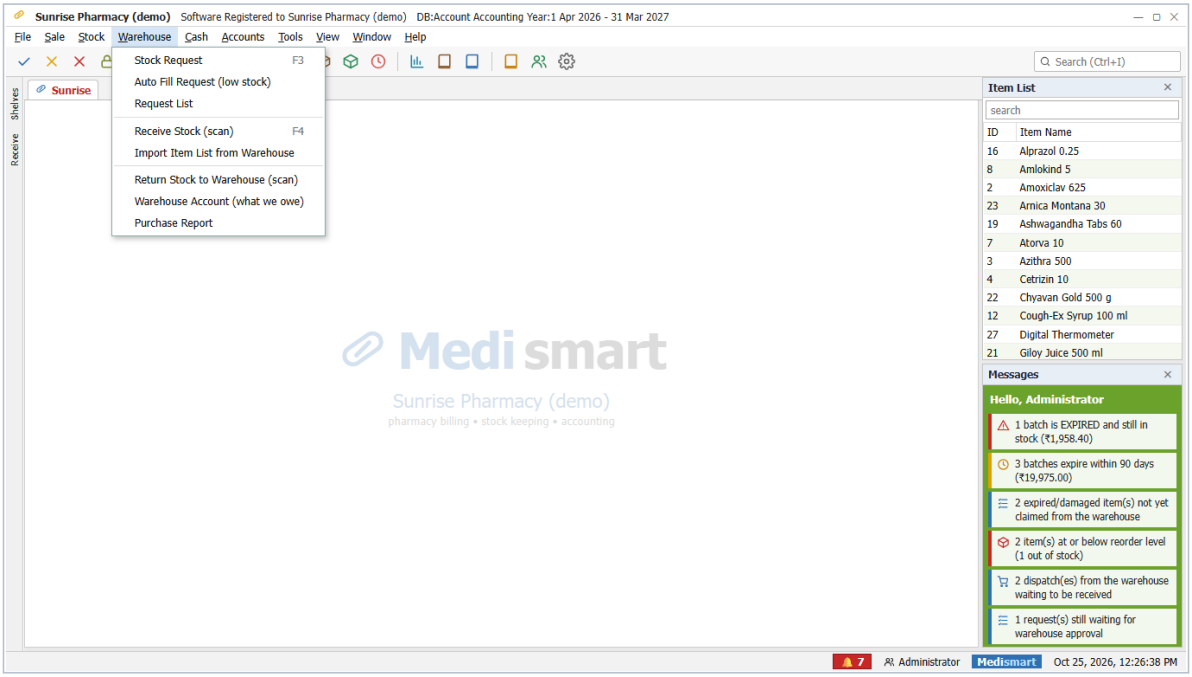

2. Login aur shift shuru karna

1. Folder me **index.html** double-click karo.
2. Username aur password daalo (demo: **admin / admin**) aur Sign in dabao.
3. Staff login karte hi uski **attendance apne aap lag jaati hai**.
4. Turant ek window aati hai: **"Start your shift"**. Drawer ka cash ginke daalo aur **Start shift** dabao.

Login ke baad shift shuru: drawer me abhi kitna cash hai

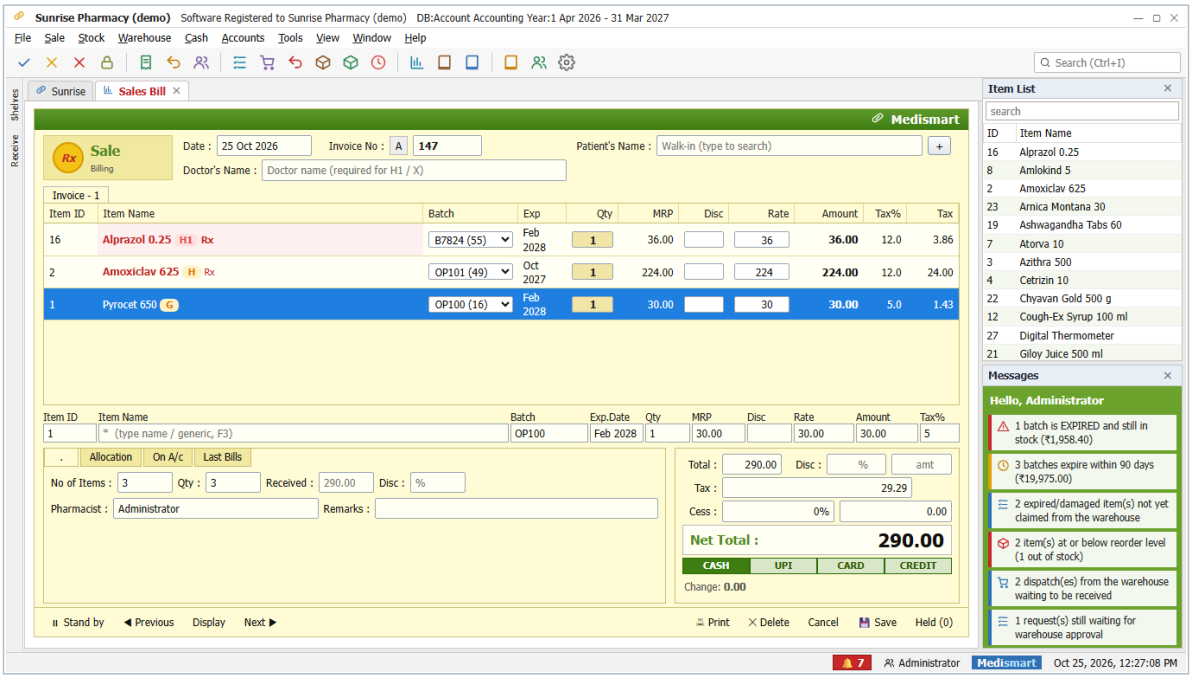

- Pichli baar jitna cash chhoda tha wo apne aap likha aata hai. Ginke sahi karo.
- Staff ko ye bharna **zaroori** hai. Admin chahe to Skip kar sakta hai (agar aaj drawer nahi sambhaal raha).
- **Upar menu bar:** File, Sale, Stock, Warehouse, Cash, Accounts, Tools, View, Window, Help. **Tabs** me har khuli screen. **Right side:** Item List aur Messages (alerts).

Warehouse menu: request, receive (scan), return (scan)

3. Bill banana

Sale - Sales Bill kholo ya **F2** dabao.

Sales Bill. Laal naam wali dawai bina parchi nahi deni (Rx)

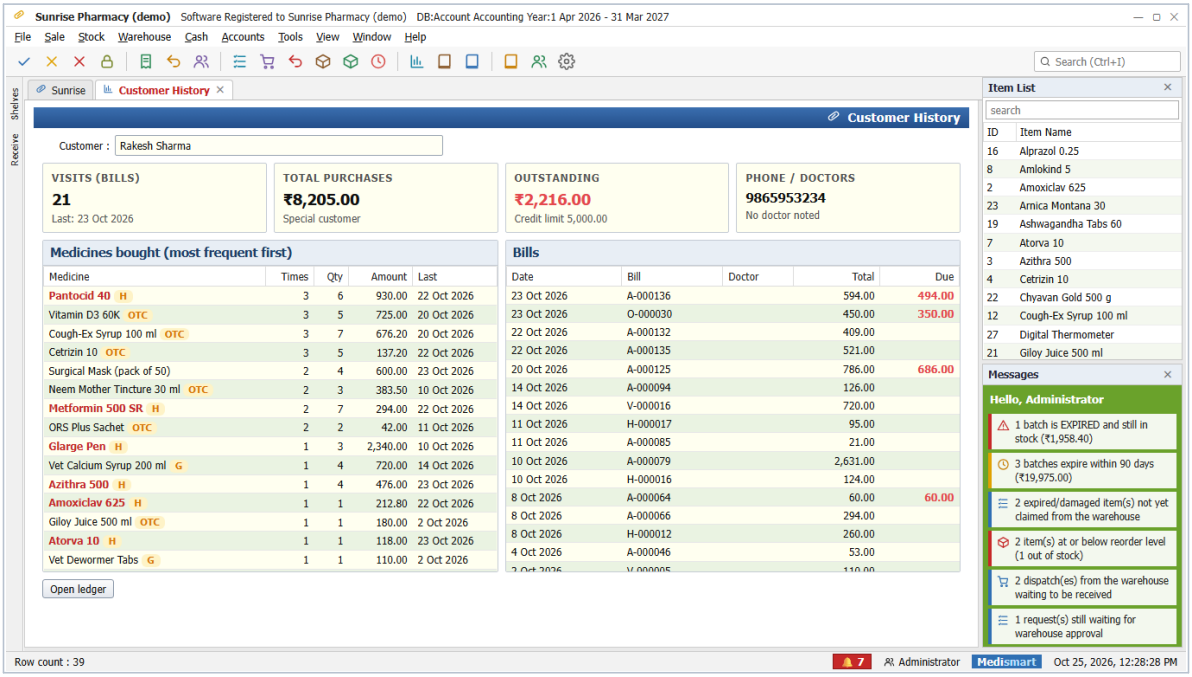

1. **Patient ka naam** likho (khali = walk-in). Naya customer ho to + dabao.
2. **Doctor ka naam** likho. Schedule H1 aur X me **zaroori** hai.
3. Neeche **Item Name** me dawai ka naam likho, arrow se chuno, **Enter**. Batch apne aap sabse jaldi expire hone wala uthta hai.
4. Qty, discount, rate grid me badal sakte ho. Line hatani ho to row chuno aur **Delete**.
5. Payment: **CASH, UPI, CARD ya CREDIT**. Credit ke liye customer chunna zaroori hai.
6. **Save** (ya **Print**).

Dawai ke rang
Laal naam + Rx = bina parchi nahi deni (Schedule H). **Laal highlight** = H1 / X, doctor ka naam zaroori.
Peela expiry = 90 din me expire. **Laal expiry** = expire ho chuka, bech nahi sakte.

Bill ke neeche ke buttons: **Stand by** (bill rok do), **Previous / Display / Next** (purane bill), **Delete** (line hatao), **Cancel** (poora saaf), **Print**, **Save**. Customer wapas kare to **Sale - Sales Return**. **Cash bill ka paisa aapke shift ke hisaab me apne aap judta hai**, aur cash refund ghatta hai.

Customer History

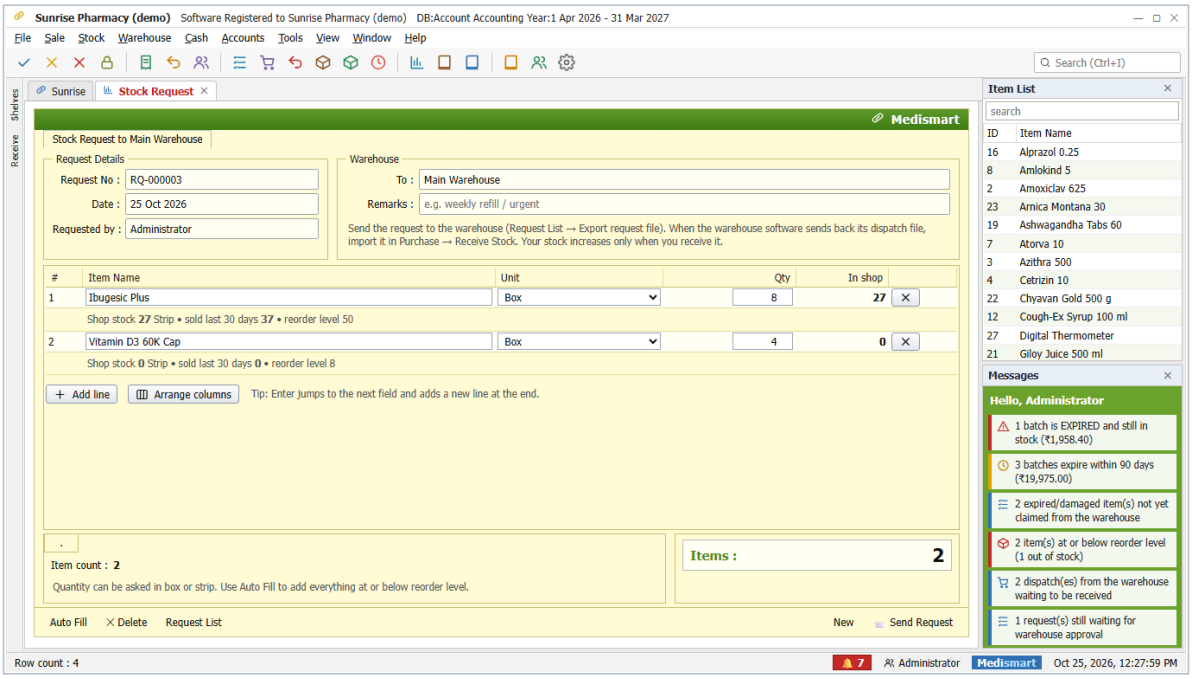

Bill me customer ke saamne dikhta hai kitni baar aaya, aakhri baar kab, kitna udhaar. **history** par click karo ya **Sale - Customer History**: kaunsi dawai kitni baar li, kaun se doctor, saare bills.

Customer History

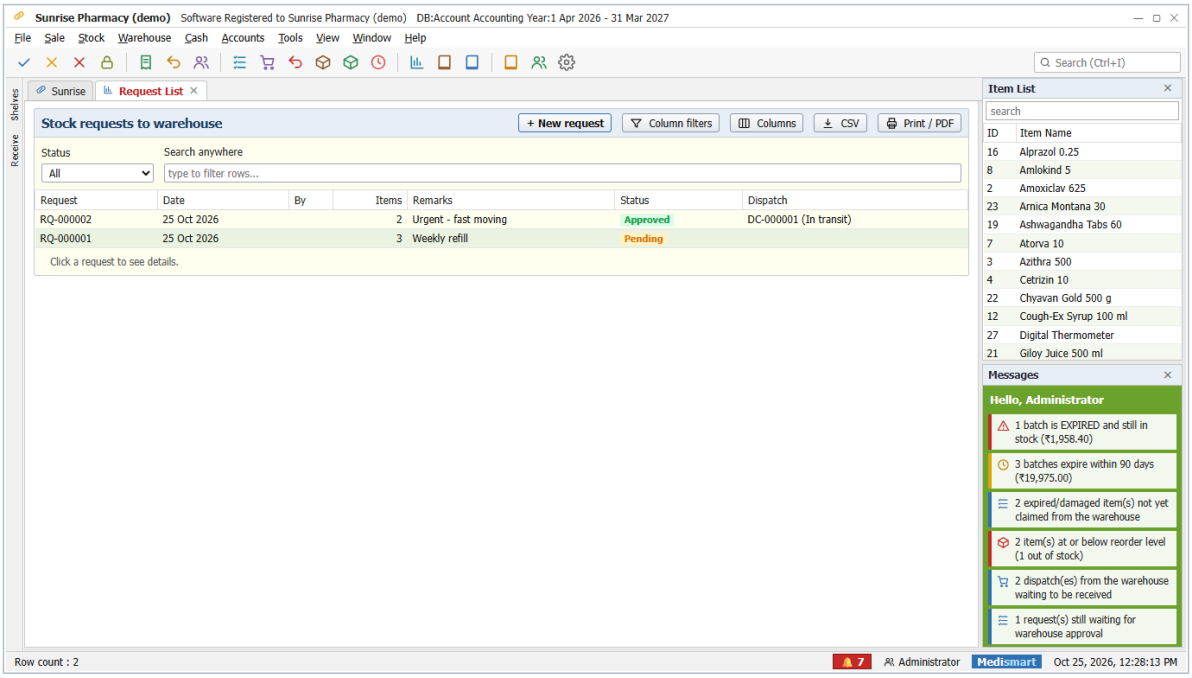

4. Maal kam hai: Stock Request

Warehouse - Stock Request ya **F3**.

Stock Request: Auto Fill se kam stock wali dawai bhar jaati hai

1. **Auto Fill** dabao ya khud dawai ka naam likh ke add karo. Dawai shop ki list me honi chahiye.
2. Box ya strip chuno, kitna chahiye likho.
3. **Send Request** dabao.
4. **Warehouse - Request List** kholo, request par click karo aur **Export request file** dabao. Ye file warehouse ko do.

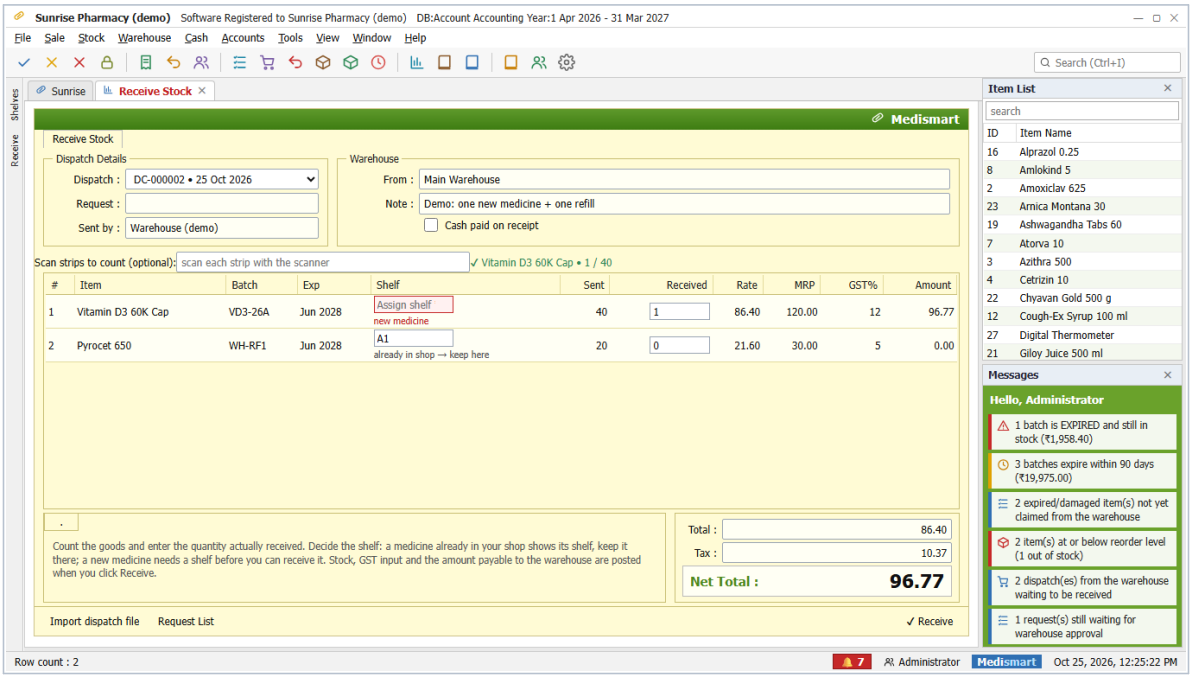

Request List: Pending, Approved, Received

Shop naya item nahi bana sakta. Nayi dawai warehouse ki dispatch ke saath apne aap judd jaati hai. Warehouse se **item list file** mangwa ke **Warehouse - Import Item List** se bhi daal sakte ho.

5. Maal aaya: Receive Stock (scan) aur Shelf

Warehouse - Receive Stock ya **F4**.

Receive Stock: strips scan karo, shelf likho

1. **Import dispatch file** dabao aur warehouse ki file chuno. **Sab data apne aap aa jaata hai**: dawai, batch, expiry, MRP, rate, GST.
2. Dabbe ka maal **ginne ke liye**: "Scan strips to count" box me click karke har strip scan karo. Jitni strips scan hongi utna **Received** badhta jaayega. (Scan na karna ho to Received me haath se qty likh sakte ho.)
3. Galat strip scan hui ya is dispatch ki nahi hai to software mana karta hai.
4. **Shelf** dekho (neeche samjhaya hai).
5. Nakad diya ho to "Cash paid on receipt" tick karo.
6. **Receive** dabao.

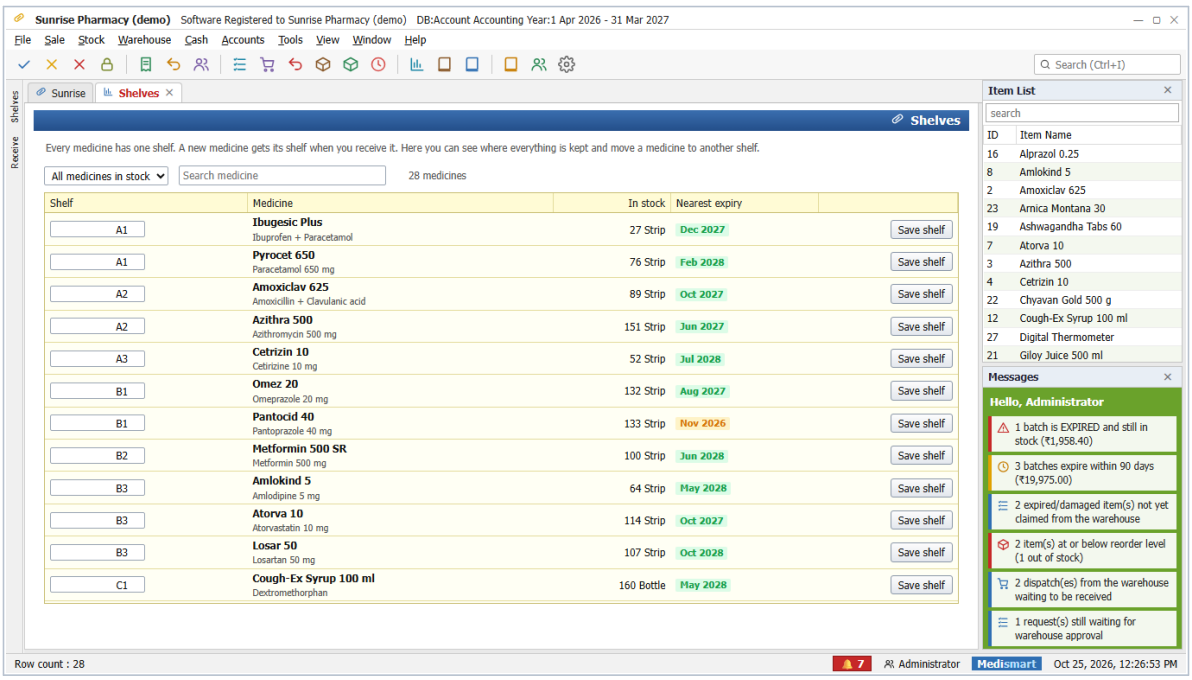

Dawai kaisi hai	Shelf column me kya dikhta hai	Aapko kya karna hai
Pehli baar aayi	Laal khali dabba "Assign shelf *", likha "new medicine"	Shelf ka naam likho (A1, C7). **Bina shelf ke Receive nahi hoga.**
Pehle se shop me hai	Uski shelf bhari dikhti hai, likha "already in shop - keep here"	Naya maal usi shelf par rakho.
Shop me thi par stock khatam tha	Purani shelf, "your shelf"	Wahi rakho ya badlo.

Receive dabate hi kya hota hai

1. Shop ka stock badhta hai (batch aur expiry ke saath).
2. GST input darj hota hai.
3. Warehouse ke account me "dena" chadhta hai (cash diya to cash se kat jata hai).
4. Kam aayi hui strips dispatch pe "short" ke naam se likhi jaati hain.
5. Shelf dawai ke saath save ho jaati hai.

6. Shelves

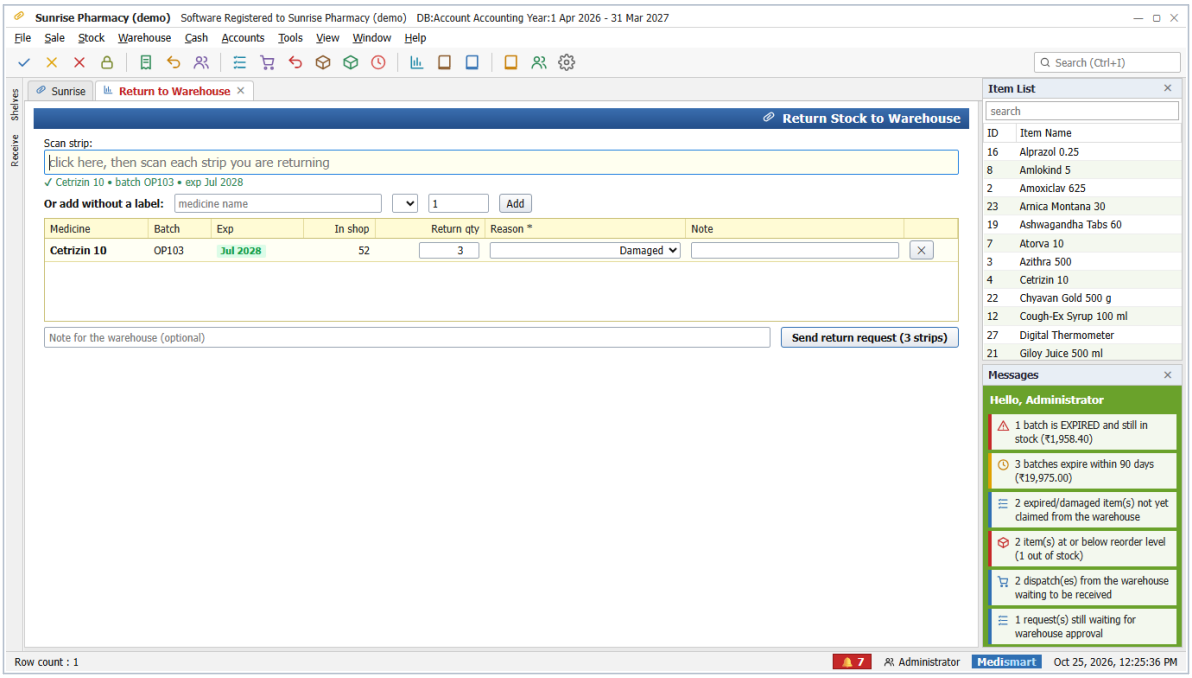

Stock - Shelves: kaunsi dawai kahan rakhi hai. Shelf badalni ho to naya naam likho aur **Save shelf** dabao. "Without a shelf" se bina shelf wali dawai milti hai.

Shelves

7. Warehouse ko maal wapas (scan + reason)

Warehouse - Return Stock to Warehouse (scan). Expired, damaged ya fazool maal yahin se wapas jaata hai.

Return: strips scan hoti hain, har row ke saath reason

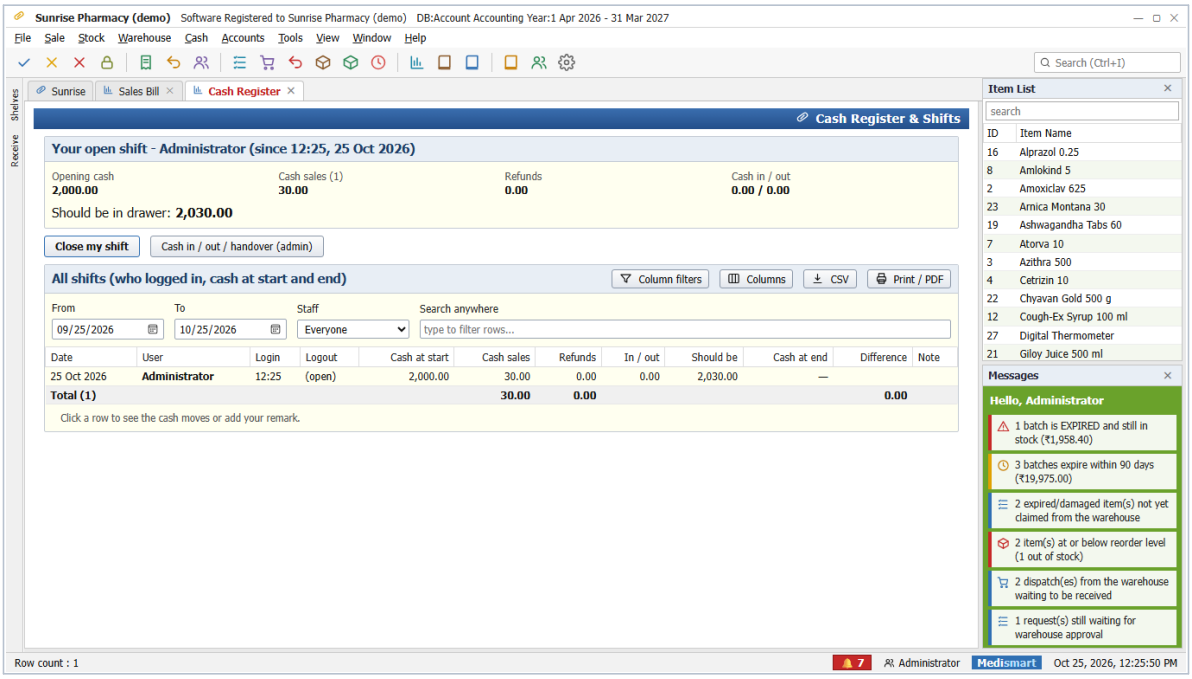

1 Wapas bhejne wali strips **table par laao**.

2. **Scan strip** box me click karo aur har strip scan karo. Data apne aap aa jaata hai (dawai, batch, expiry). Ek hi batch ki strips ek row me judti hain aur qty badhti hai.
3. Jis strip par label nahi hai uske liye "Or add without a label": dawai ka naam, batch aur qty chuno.
4. Har row ka **Reason** chuno: Expired / Near expiry / Damaged / Wrong item received / Excess stock / Other. (Expire ho chuke batch par "Expired" apne aap aa jaata hai.) Chahe to Note likho.
5. **Send return request** dabao.
6. Return ki **file Downloads me save** hoti hai: wo warehouse ko do. Stock shop se kat jaata hai aur warehouse ka "dena" kam hota hai.

- Ek strip dobara return nahi ho sakti. Software mana kar deta hai.
- Shop me jitni strips hain usse zyada return nahi ho sakti.
- File dobara chahiye to isi screen ke neeche **Export file again**.

8. Cash Register: shift, cash in/out, difference

Har user ke login se logout tak ka cash ka hisaab rehta hai. **Cash - Cash Register and Shifts** kholo.

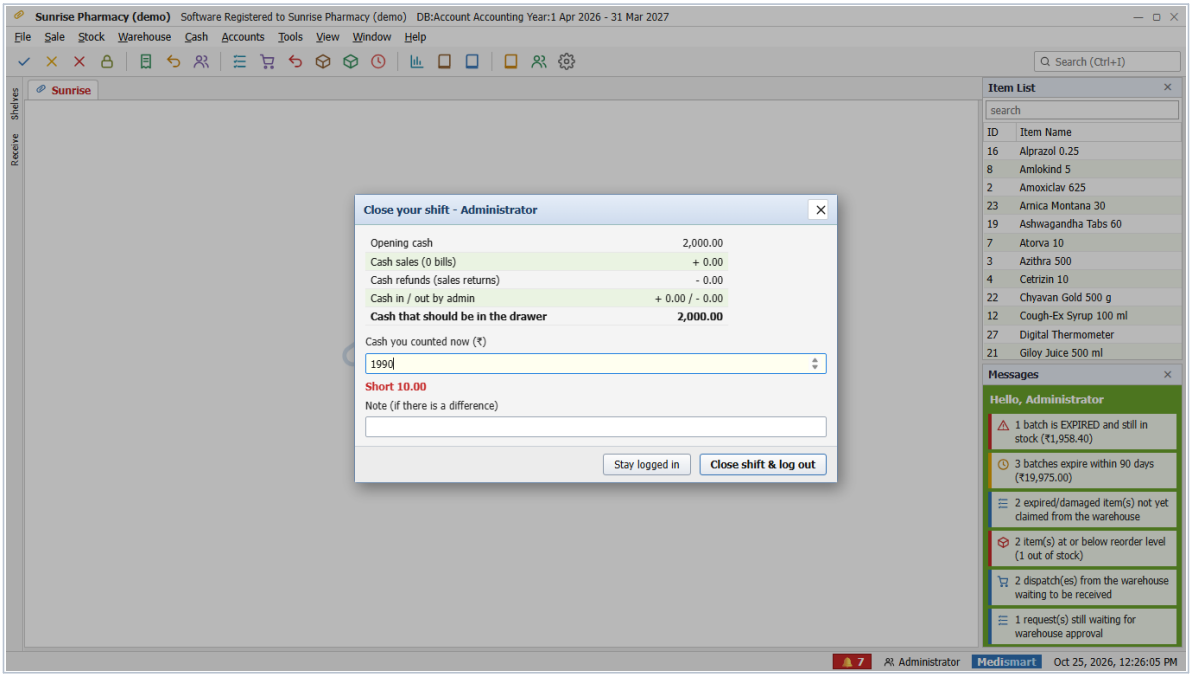

Cash Register: apni shift ka hisaab aur sabhi shifts

Shift ka hisaab

Cheez	Kaise banti hai
Cash at start	Login par aapne jo ginke daala
Cash sales	Is shift me aapke banaye **CASH** bills
Refunds	Is shift me aapne jo cash refund (sales return) diye
In / out	Admin ne is drawer me jo cash daala ya nikaala
Should be	Start + cash sales - refunds + in - out
Cash at end	Logout par aapne jo ginke daala
Difference	Cash at end - Should be. **0 = sab theek**, laal = kam ya zyada

Shift band karna (logout)

1. **Logout** ya **Exit** dabao (ya **Cash - Close My Shift**). Drawer ka cash ginke daalo.
2. Software turant dikhata hai ki cash match hua ya kitna short / excess hai. Difference ho to note likho.
3. **Close shift and log out** dabao.

Shift band karte waqt: kitna hona chahiye, kitna ginke daala, difference

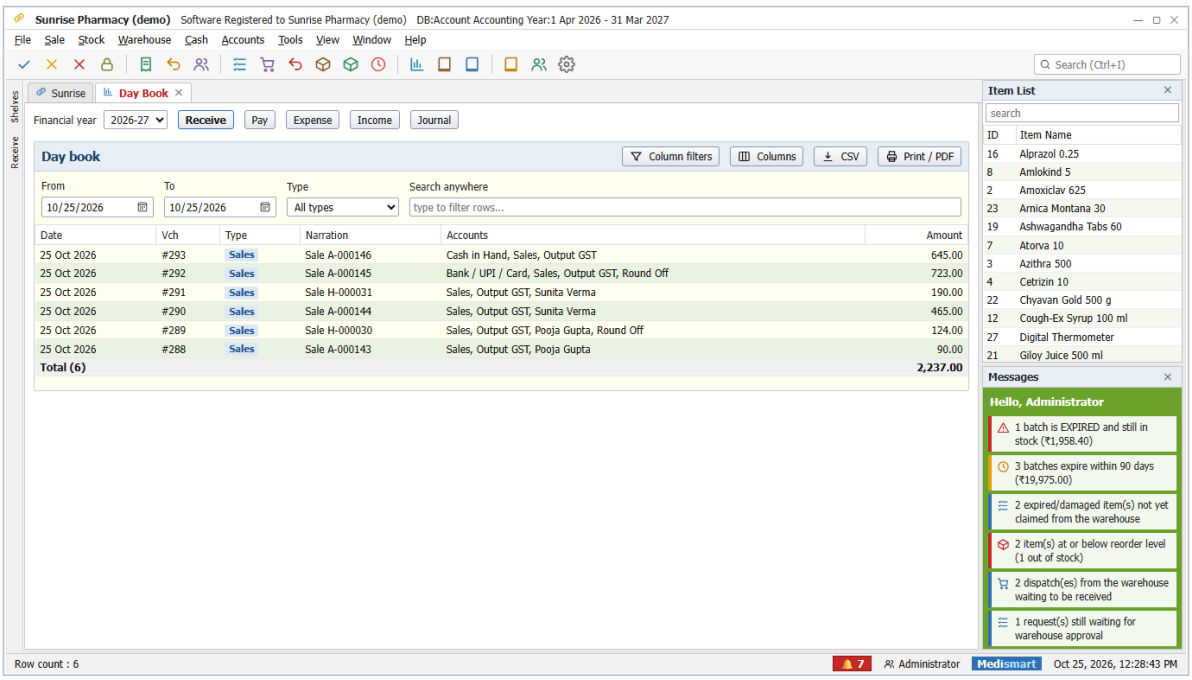

Admin ke options

- **Cash - Cash In / Out / Handover** (sirf admin): kisi bhi khuli drawer me **Cash in** (malik ne paisa daala), **Expense** (chai, stationery, kharcha), **Bank deposit**, **Owner withdrawal**, ya **Handover to admin** (staff se cash admin ko diya). Expense, bank aur owner wale entries ka hisaab books me apne aap jaata hai.
- Drawer me jitna cash hai usse zyada nikaalne nahi deta.
- Admin sabki shifts dekhta hai: kaun kab aaya, kitna cash tha, kitna gaya, difference. Kisi shift par click karke **remark** likh sakta hai.
- Staff sirf apni shift dekh aur band kar sakta hai.
- Admin ko alert aata hai agar kisi ki shift band nahi hui ya aaj cash difference aaya.

Dhyan rakho
Cash difference kisi ka bhi ho, software use **chhupata nahi**. Shifts ki list, CSV aur alert sab me dikhta hai. Isliye bill hamesha apne login se banao.

9. Expiry, hisaab aur reports

Stock - Expiry Watch: kya expire ho chuka hai aur kya jaldi hoga. Expire hua maal Return screen se warehouse ko wapas bhejo.

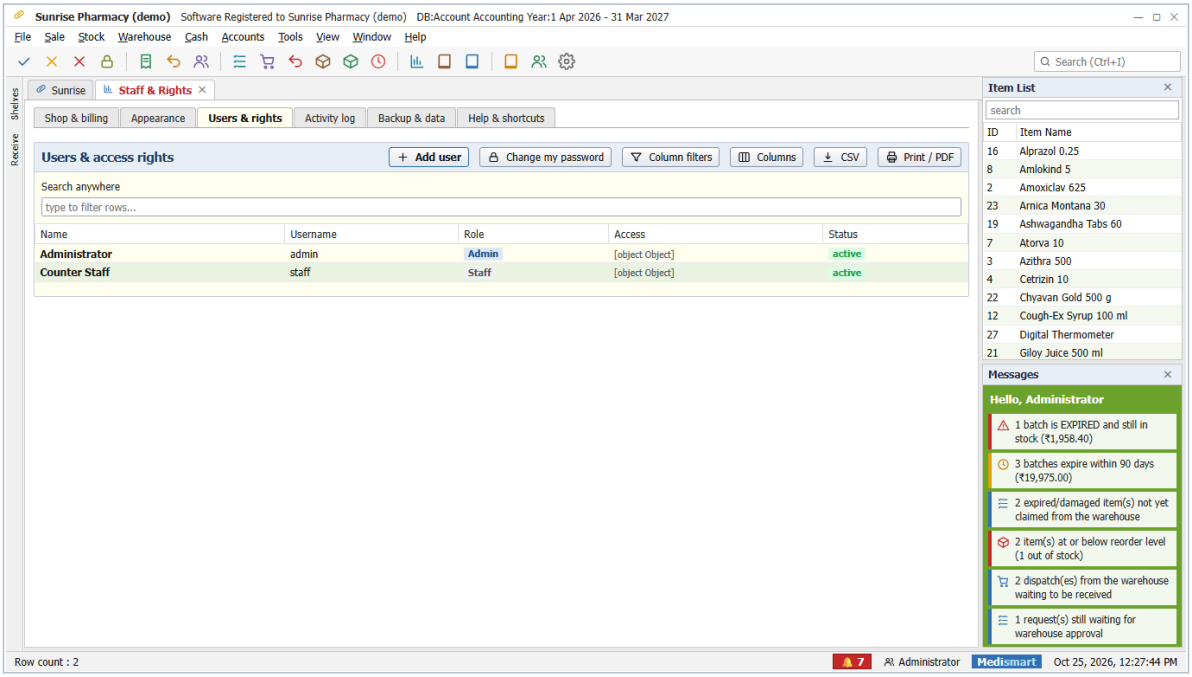

Day Book

- **Accounts - Day Book**: rozana ka cash. **Ledger** (F8): kisi bhi account ka hisaab. **Profit and Loss / Balance Sheet**.
- **Warehouse - Warehouse Account**: warehouse ko kitna dena hai. Payment karni ho to Ledger me **Pay**.
- **Tools - Reports** (F7): sales, GST, schedule H/H1/X register, doctor wise, reorder, expiry, udhaar, profit. Print ya CSV kar sakte ho.
- Saal band karna: **Accounts - New Accounting Year** (pehle backup).

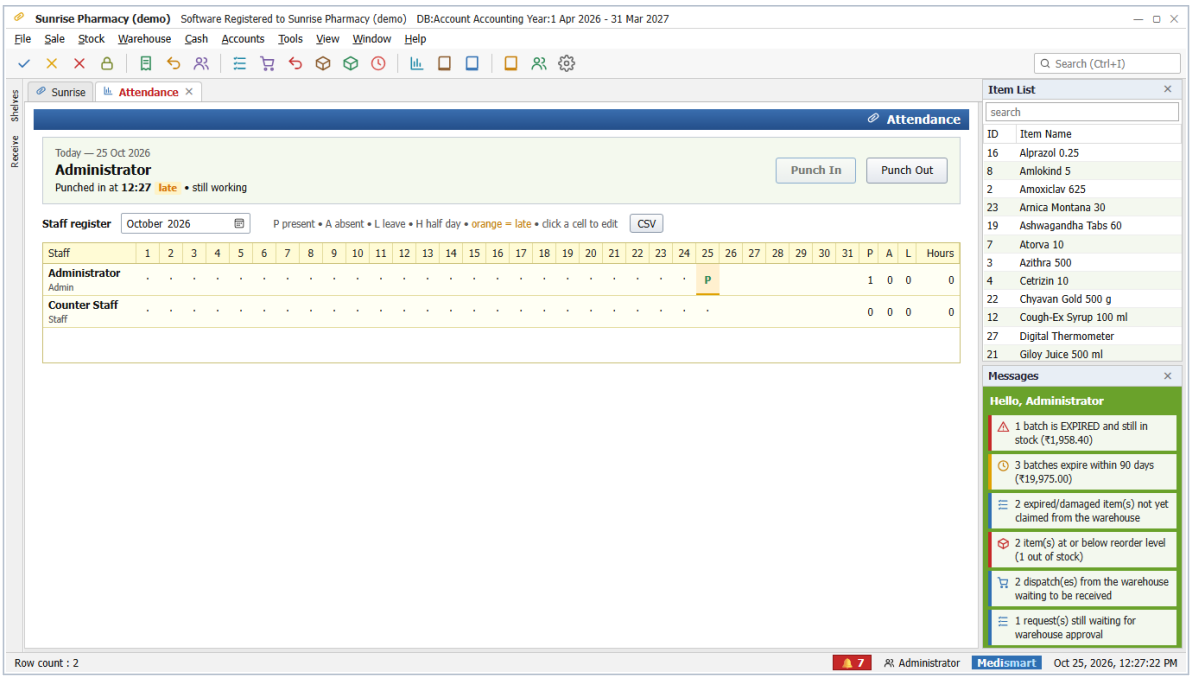

10. Staff aur Attendance

Admin **sirf ek** hota hai (malik). Staff ko wahi screens dikhti hain jo admin allow kare. **Tools - Staff and Rights - Add user**: naam, username, password, rights tick.

Staff aur rights

- Login par **punch in** apne aap, logout par **punch out**. Late aaye to orange nishan.
- File - Attendance: staff apni, admin sabki attendance dekhta hai aur edit / CSV kar sakta hai.

Attendance register

11. Alerts

Right side ke **Messages** panel aur neeche ki ghanti me alerts aate hain. Alert par click karo to seedha wahi screen khulti hai.

Alert	Matlab	Kya karo
Laal: batch EXPIRED	Expire hua maal stock me hai	Return to Warehouse
Peela: 90 din me expire	Jaldi bechna ya wapas karna	Expiry Watch

Alert	Matlab	Kya karo
Reorder level se kam	Dawai khatam hone wali	Stock Request (Auto Fill)
Dispatch receive karna hai	Warehouse ka maal aa gaya	Receive Stock
Request reject hui	Warehouse ne mana kiya	Request List
Cash difference / shift band nahi (admin)	Kisi ka cash ya shift gadbad	Cash Register
Attendance nahi lagi	Aaj punch in nahi hui	File - Attendance

12. Files, routine aur dikkatein

File	Kaun deta hai	Shop me kahan
Request file	Shop (export)	Request List - request - Export request file
Dispatch file	Warehouse	Receive Stock - Import dispatch file
Return file	Shop (export)	Return screen - Send (apne aap) ya Export file again
Item list file	Warehouse	Warehouse - Import Item List

Roz ka routine

Kab	Kya karo
Subah	Login, **shift shuru (cash ginke)**, Messages dekho
Din bhar	Sale - Sales Bill (F2)
Stock kam ho	Stock Request (F3), Export request file
Maal aaye	Receive Stock (F4): import, scan, shelf, Receive
Kharab / expired maal	Return to Warehouse: scan, reason, send
Sham	Day Book dekho. **Logout: cash ginke shift band**
Hafte me	Expiry Watch, Backup

Aam dikkatein

Dikkat	Kya karo
Receive me "Assign a shelf" aaya	Nayi dawai ki shelf likho.
Scan par kuch nahi hota	Scan box me click karo. Scanner keyboard mode me ho.
"not sent in this dispatch" aaya	Ye strip is dispatch ki nahi. Doosri dispatch me check karo.
Return me "not in your stock"	Us batch ka maal shop me hai hi nahi (ya pehle bika / return hua).
Credit bill nahi ban raha	Patient chuno. Udhaar limit paar ho to software puchta hai.
H1 / X bill save nahi	Doctor ka naam daalo.
Logout par cash puch raha hai	Ye shift band karna hai. Ginke daalo. Abhi nahi karna to "Stay logged in".

Backup kaise lein
File - Backup and Restore - Download backup (.json). File safe jagah rakho. Computer badalna ho to usi page se wapas daalo.
