Medismart

Medical shop software

Billing - Stock - Shelves - Accounts - Staff

User Guide

Step by step: software ko kaise use karna hai

Demo login (check karne ke liye)
Shop Admin (malik): username **admin**, password **admin**
Counter Staff: username **staff**, password **staff**
Pehle login ke baad passwords badal dena (Tools - Staff and Rights).

Software kholne ke liye: folder me **index.html** double-click karo. Koi install nahi chahiye.

Is guide me kya hai

No.	Topic
1	Software ka idea: maal sirf warehouse se
2	Login aur screen ki pehchaan
3	Bill banana (Sales Bill)
4	Maal kam hai: Stock Request bhejna
5	Maal aaya: Receive Stock aur Shelf
6	Shelves: kaunsi dawai kahan rakhi hai
7	Stock, expiry aur wapsi
8	Hisaab: Day Book aur Warehouse Account
9	Staff login aur Attendance
10	Alerts (Messages panel)
11	Warehouse ke saath files ka lena-dena
12	Roz ka routine, shortcuts aur dikkatein

Sabse zaroori 3 baatein

1. Dawai **sirf warehouse se** aati hai. Shop me dawai ya supplier banane ka koi kaam nahi.
2. Naye maal ki **shelf** receive karte waqt hi tay karni padti hai. Jo dawai pehle se shop me hai uski shelf apne aap dikhti hai.
3. Roz ka **backup** lena mat bhoolna (File - Backup and Restore). Data isi computer ke browser me save hota hai.

1. Software ka idea

Medismart ek simple software hai jisme **billing, stock aur hisaab** teeno hain. Is shop ka maal kisi bahar ke supplier se nahi aata, **sirf apne warehouse se** aata hai. Isliye shop ko dawai ki list banane ya supplier banane ki zaroorat nahi. Warehouse jo dawai bhejta hai wahi shop ke stock me judti hai.

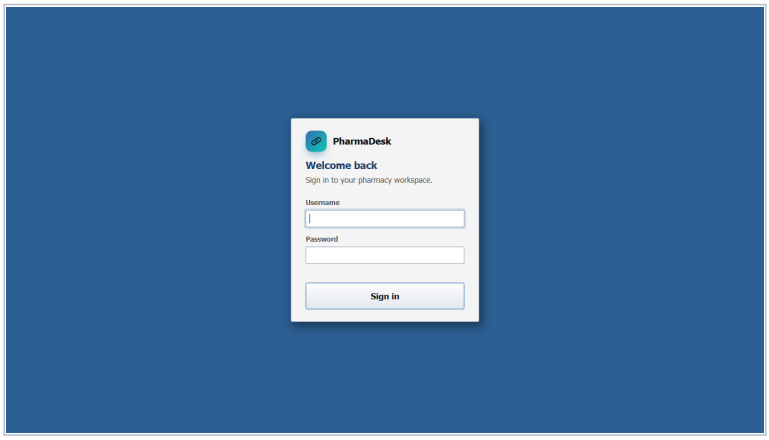

Pura chakkar aisa hai:

Kaun	Kya karta hai	Software me kahan
Shop	Kam stock dekhta hai, request banata hai	Warehouse - Stock Request
Shop	Request ki file warehouse ko deta hai	Warehouse - Request List - Export request file
Warehouse	Request dekh ke maal bhejta hai, dispatch file deta hai	Warehouse ka apna alag software
Shop	Dispatch file import karta hai, maal ginta hai, shelf tay karta hai	Warehouse - Receive Stock
Shop	Stock badh jata hai, warehouse ka paisa "dena" me chadh jata hai	Apne aap
Shop	Dawai bechta hai	Sale - Sales Bill

Warehouse ka software alag banega. Abhi dono ke beech **file se** baat hoti hai (neeche section 11). Baad me ise live jod denge.

2. Login aur screen ki pehchaan

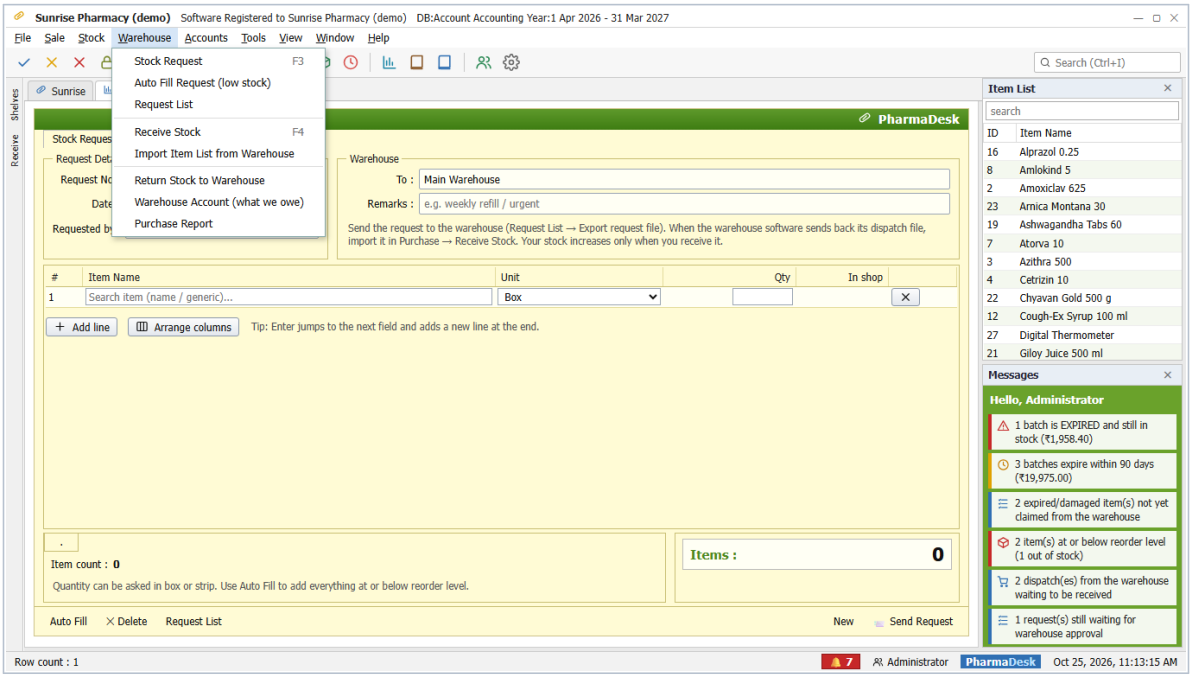

1. Folder me **index.html** double-click karo.
2. Username aur password daalo (demo: **admin / admin**) aur Sign in dabao.
3. Staff login karte hi uski **attendance apne aap lag jaati hai**.

Login screen

Login ke baad purane Windows software jaisi screen khulti hai:

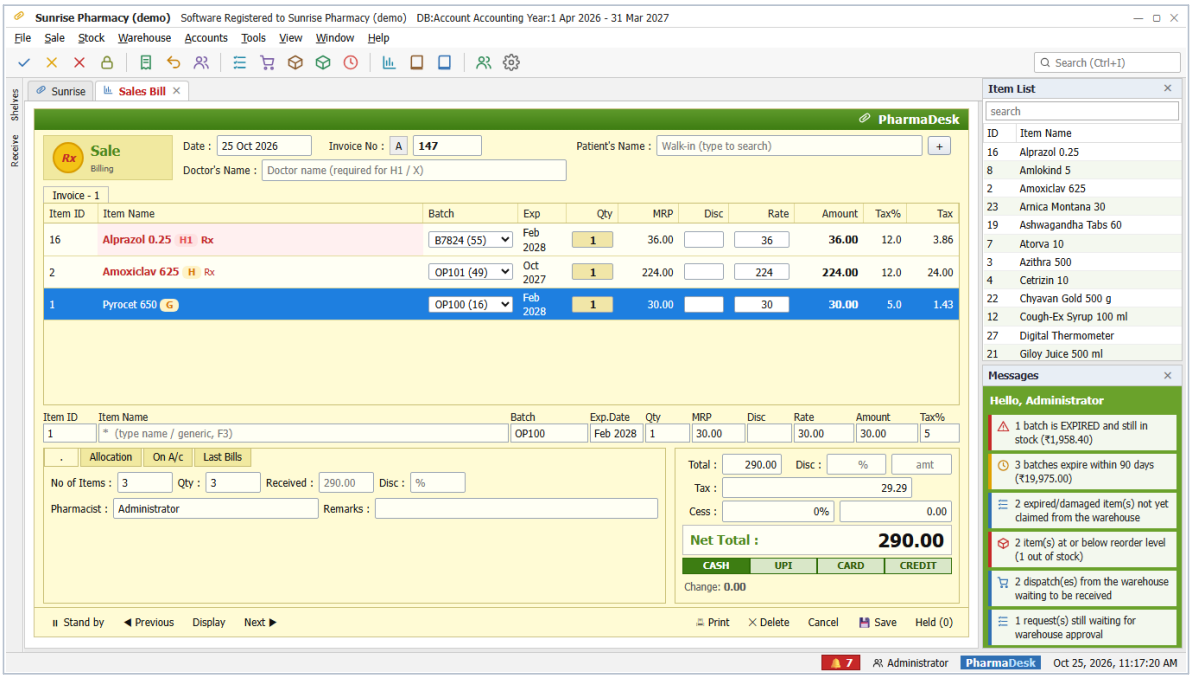

- **Upar menu bar:** File, Sale, Stock, Warehouse, Accounts, Tools, View, Window, Help.
- **Rangeen icons (toolbar):** bill, return, request, receive, stock, shelves, expiry, reports. Mouse rakhoge to naam dikhega.
- **Tabs:** jo screen kholte ho wo tab me khulti hai. Laal naam wala tab abhi chal raha hai. x dabake band karo.
- **Right side:** Item List (dawai dhundo) aur Messages (alerts).
- **Sabse neeche:** user ka naam, ghanti ■ ka count aur time.

Warehouse menu: request, receive aur warehouse ke kaam yahin hain

3. Bill banana (Sales Bill)

Sale - Sales Bill kholo ya **F2** dabao.

Sales Bill screen. Laal naam wali dawai bina parchi nahi deni (Rx).

1. **Patient ka naam:** likho ya khali chhodo (walk-in). Naya customer ho to + dabao.
2. **Doctor ka naam:** likho. Schedule H1 aur X ki dawai me doctor ka naam **zaroori** hai.
3. Neeche **Item Name** box me dawai ka naam likho, upar-neeche arrow se chuno, **Enter** dabao. Dawai upar grid me aa jaati hai. Batch apne aap sabse jaldi expire hone wala uthta hai.
4. Quantity, discount ya rate badalna ho to grid me hi badlo. Batch badalna ho to batch ke dropdown se chuno. Line hatani ho to row chuno aur **Delete** dabao.
5. Paisa lene ka tareeka chuno: **CASH, UPI, CARD ya CREDIT**. Credit (udhaar) ke liye customer chunna zaroori hai.
6. **Save** dabao (ya **Print** jo save aur print dono karta hai).

Dawai ke rang
Laal naam + Rx = bina doctor ki parchi nahi deni (Schedule H).
Laal highlight = Schedule H1 / X, doctor ka naam bharna zaroori.
Peela expiry dabba = 90 din me expire hone wala batch. **Laal expiry** = expire ho chuka, bech nahi sakte.

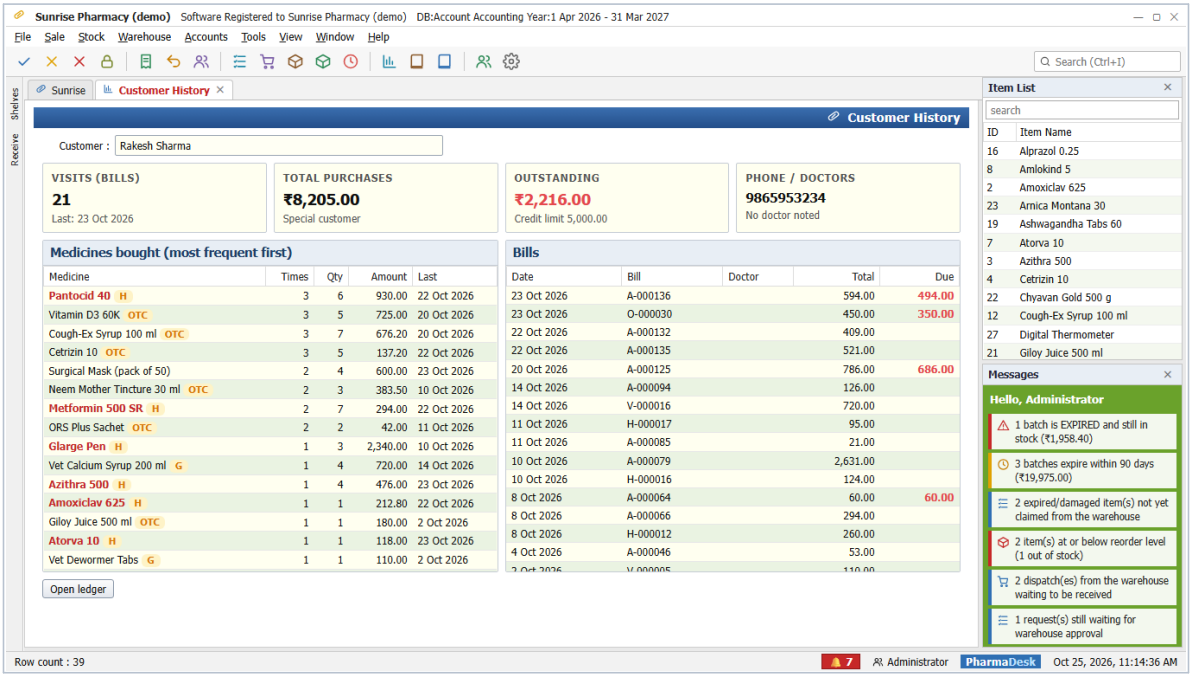

Bill ke neeche ke buttons

Button	Kaam
Stand by	Bill rok do (customer ruka hai). Baad me "Held" se wapas laao.
Previous / Display / Next	Purane bill dekhne ke liye.
Delete	Select ki hui line hatao.
Cancel	Poora bill saaf karo.
Print	Save karke print.
Save	Bill save.

Customer wapas kare to: **Sale - Sales Return**. Ek bill me alag category ki dawai ho to software bill khud alag series me tod deta hai.

Customer History

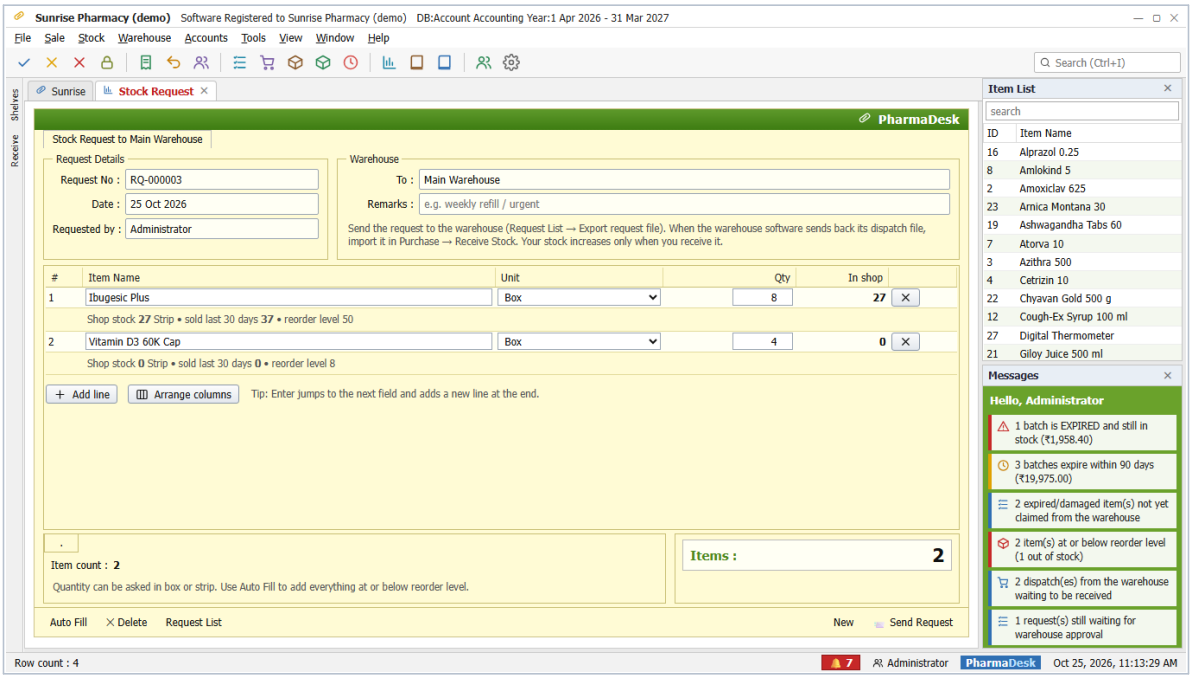

Customer ka naam chunte hi bill ke upar dikhta hai ki wo kitni baar aaya, aakhri baar kab aaya aur kitna udhaar baaki hai. **history** link dabao ya **Sale - Customer History** kholo.

Customer History: kitni baar aaya, kaunsi dawai kitni baar li, kaun se doctor, udhaar aur saare bills

4. Maal kam hai: Stock Request bhejna

Warehouse - Stock Request kholo ya **F3** dabao.

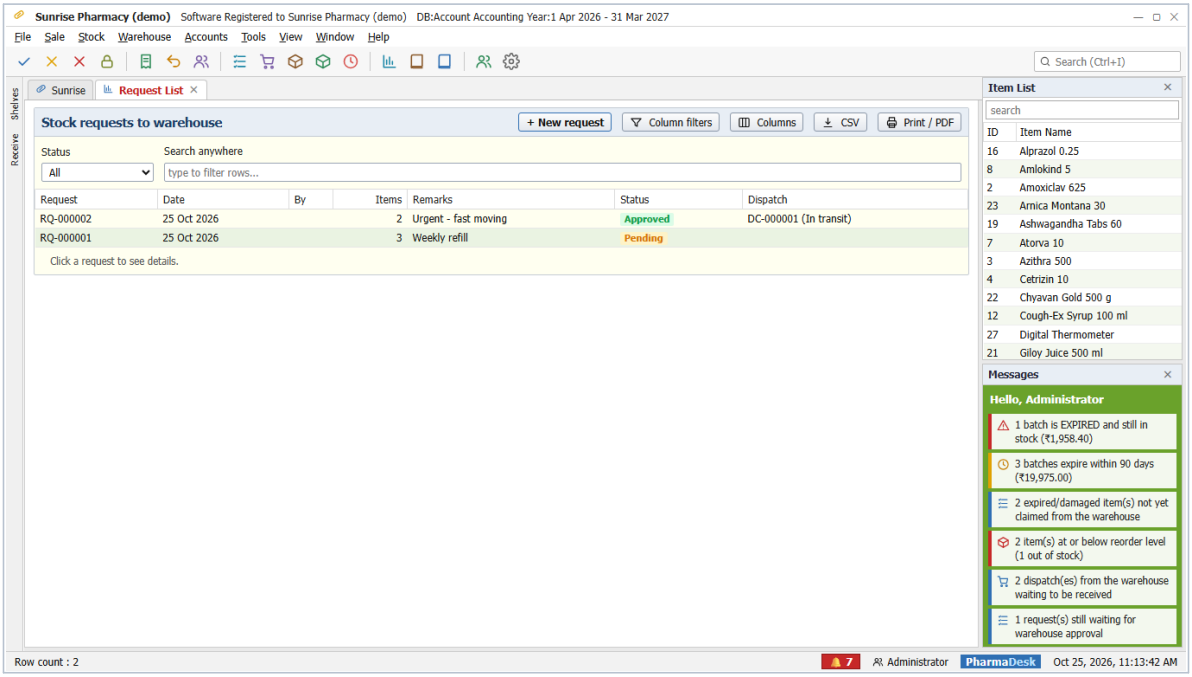

Stock Request. Auto Fill dabane par jo dawai kam hai wo khud bhar jaati hai

1. **Auto Fill** dabao: jo dawai reorder level se neeche hai wo apne aap aa jaati hai. Ya khud dawai ka naam likh ke add karo.
2. Box ya strip chuno aur kitna chahiye likho. Har line me dikhta hai shop me abhi kitna hai.
3. Remarks me likh sakte ho (jaise "urgent").
4. **Send Request** dabao.

Dhyan rakho
Shop naya item nahi bana sakta. Request me sirf wahi dawai aati hai jo shop ki list me hai. Nayi dawai ke liye warehouse se unki **item list file** mango aur **Warehouse - Import Item List** me daalo (section 11). Ya warehouse jab maal bhejega to nayi dawai apne aap judd jaayegi.

Request ka status dekhna

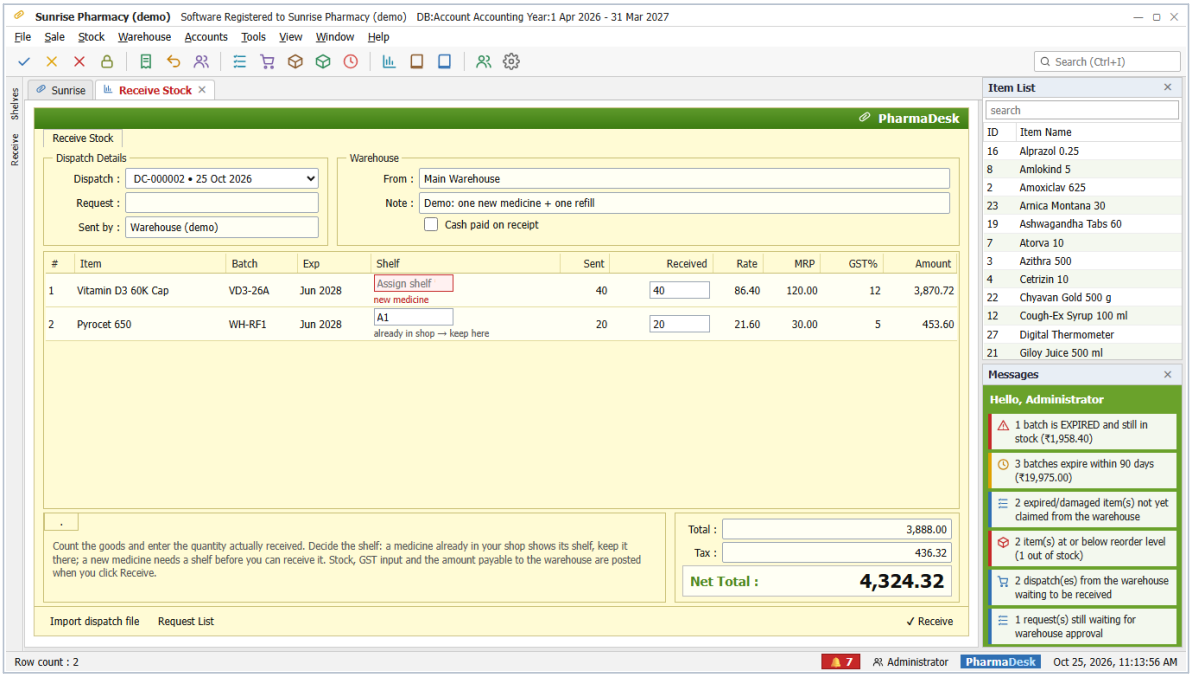

Request List: Pending, Approved, Received, Rejected

- Request par click karo to detail khulti hai.
- **Export request file** dabao aur wo file warehouse ko do.
- Pending request galat ho to **Cancel request**.

5. Maal aaya: Receive Stock aur Shelf

Warehouse - Receive Stock kholo ya **F4** dabao.

Receive Stock: har dawai ke saamne shelf ka dabba

1 **Import dispatch file** dabao aur warehouse ki di hui file chuno. Dispatch list me aa jaata hai.

2. Dabbe ka maal gino. **Received** column me jitna asli aaya wahi likho. Kam aaya to kam likho (kami dispatch pe "short" likhi jaati hai).
3. **Shelf** column dekho (neeche samjhaya hai) aur zarurat ho to shelf likho.
4. Agar nakad diya ho to "Cash paid on receipt" tick karo, nahi to paisa warehouse ke "dena" me chadhega.
5. **Receive** dabao.

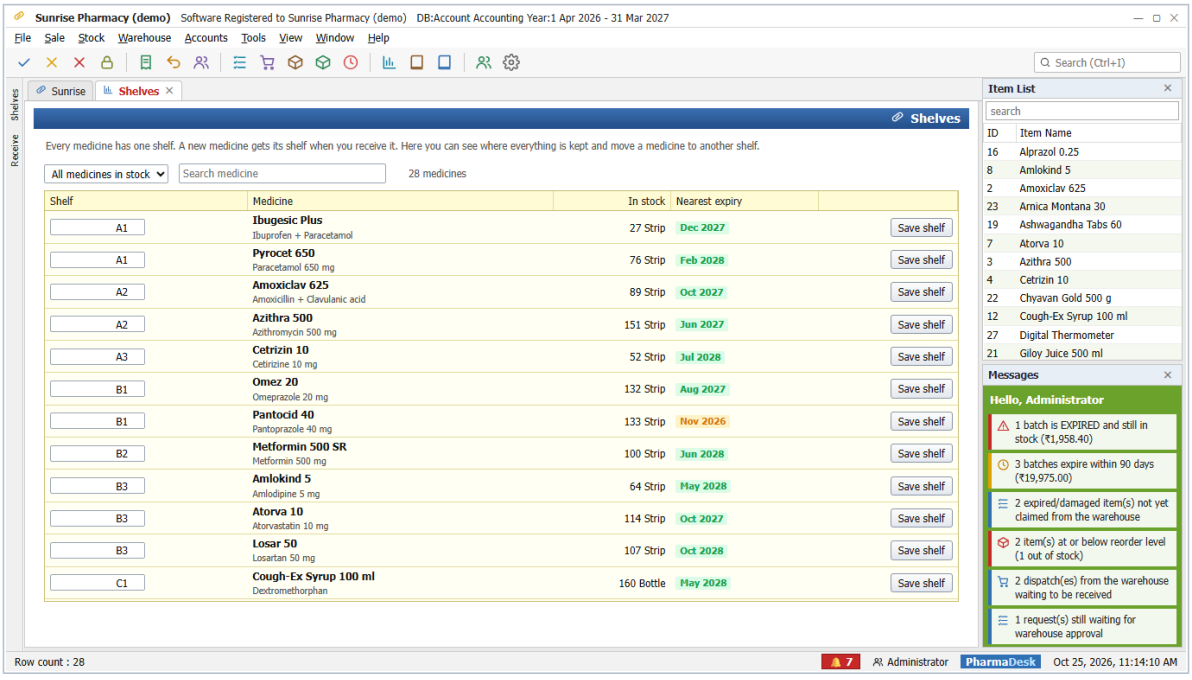

Shelf ka rule

Dawai kaisi hai	Shelf column me kya dikhta hai	Aapko kya karna hai
Pehli baar aayi (shop me kabhi nahi thi)	Laal khali dabba, "Assign shelf *" aur likha "new medicine"	Shelf ka naam likho (jaise A1, C7). **Bina shelf ke Receive nahi hoga.**
Pehle se shop me hai	Uski shelf pehle se bhari dikhti hai aur likha "already in shop - keep here"	Naya maal usi shelf par rakho. Kuch badalna na ho to chhod do.
Shop me thi par stock khatam ho chuka tha	Purani shelf dikhti hai, "your shelf"	Wahi rakho ya chahe to badlo.

Receive dabate hi kya hota hai
1. Shop ka stock badhta hai (batch aur expiry ke saath).
2. GST ka input darj hota hai.
3. Warehouse ke account me "dena" chadhta hai (ya cash diya to cash se kat jata hai).
4. Shelf dawai ke saath save ho jaati hai, bill me bhi dikhti hai.

6. Shelves: kaunsi dawai kahan rakhi hai

Stock - Shelves kholo.

Shelves: har dawai ki shelf, stock aur sabse jaldi expire hone wali date

- Upar ke dropdown se sirf ek shelf ya **Without a shelf** (jinki shelf nahi hai) chun sakte ho.

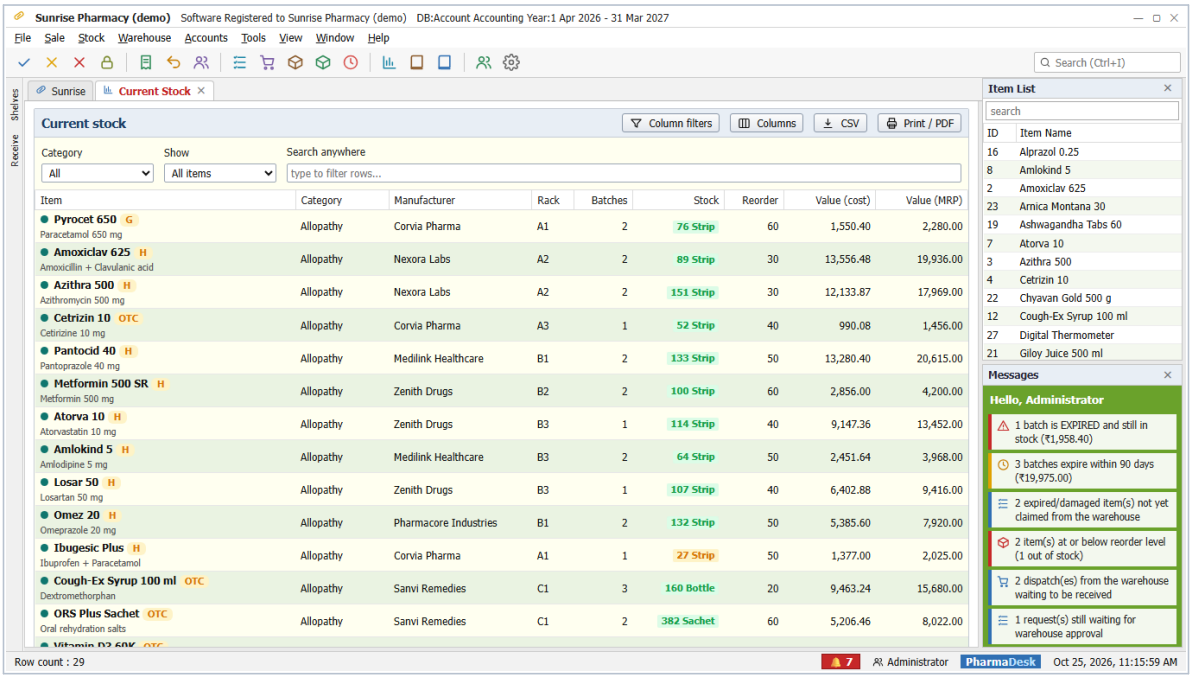

- Dawai dhundne ke liye naam likho.
- Shelf badalni ho to dabbe me naya naam likho aur **Save shelf** dabao.
- Bill banate waqt dawai search me uski shelf (Rack) dikhti hai taaki jaldi mil jaye.

> **Tip**
> Shelf ke naam chhote aur ek jaise rakho: A1, A2, B1... Agar kisi dawai ka naam dabbe me likhte waqt purani shelf suggest hoti hai, usi ko chuno taaki spelling alag na ho jaye.

7. Stock, expiry aur wapsi

Current Stock

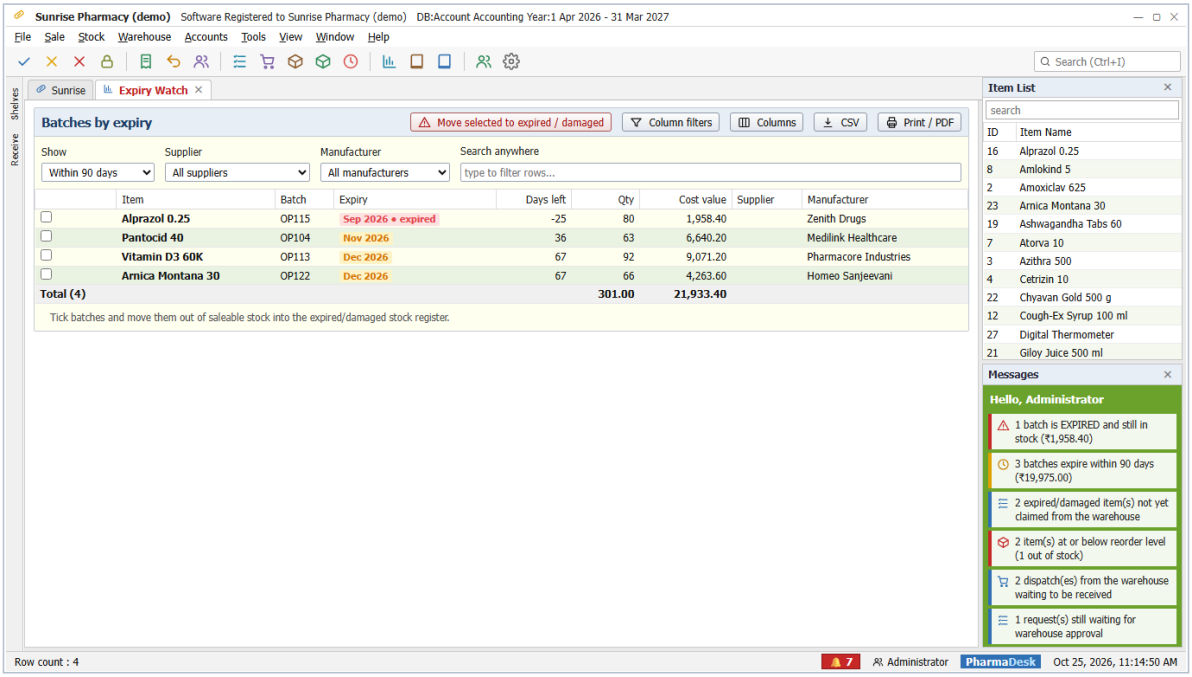

Stock - Current Stock (F5) me har dawai ka stock aur uski value dikhti hai. **Stock Statement** me opening, purchase, sale aur closing ek saath dikhta hai.

Current Stock

Expiry Watch

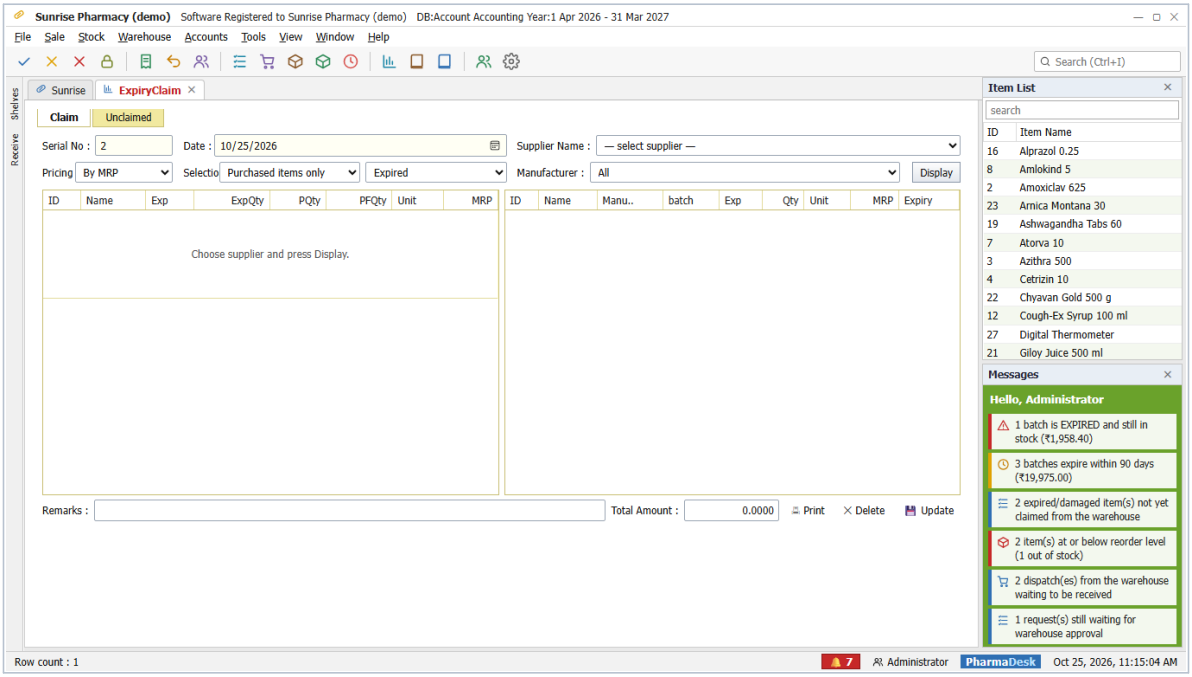

Stock - Expiry Watch me dikhta hai kya expire ho chuka hai aur kya jaldi expire hoga. 90 din wale batch peele aur expire hue batch laal.

Expiry Watch

Expire hua maal warehouse ko wapas

1. **Stock - Return Expired Stock to Warehouse** kholo.
2. Supplier box me warehouse chuno, "Expired" ya 30/60/90 din chuno aur **Display** dabao.
3. Left list me jis dawai par **double-click** karoge wo right side ke claim me chali jaati hai.
4. **Update** dabao. Wo maal bikne wale stock se nikal jaata hai aur claim ban jaata hai. Print bhi kar sakte ho.

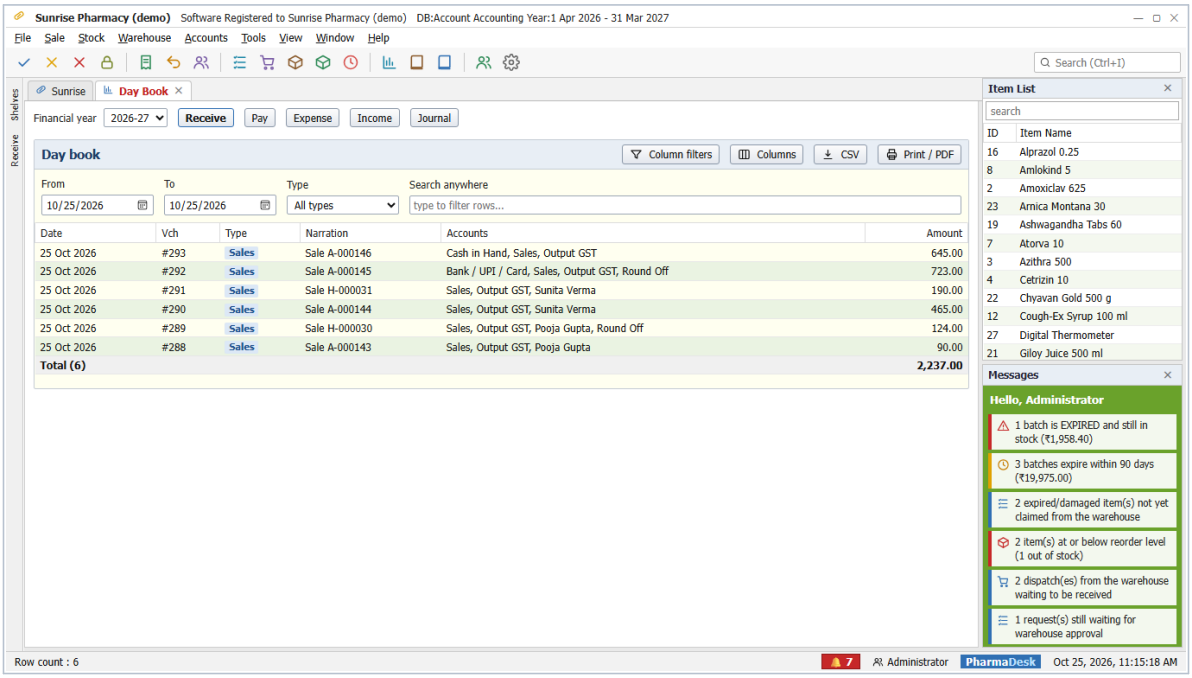

Return expired stock

8. Hisaab: Day Book aur Warehouse Account

Hisaab apne aap banta hai. Har bill, receive aur payment par entry khud ho jaati hai. Aapko kuch alag se likhna nahi padta.

Day Book

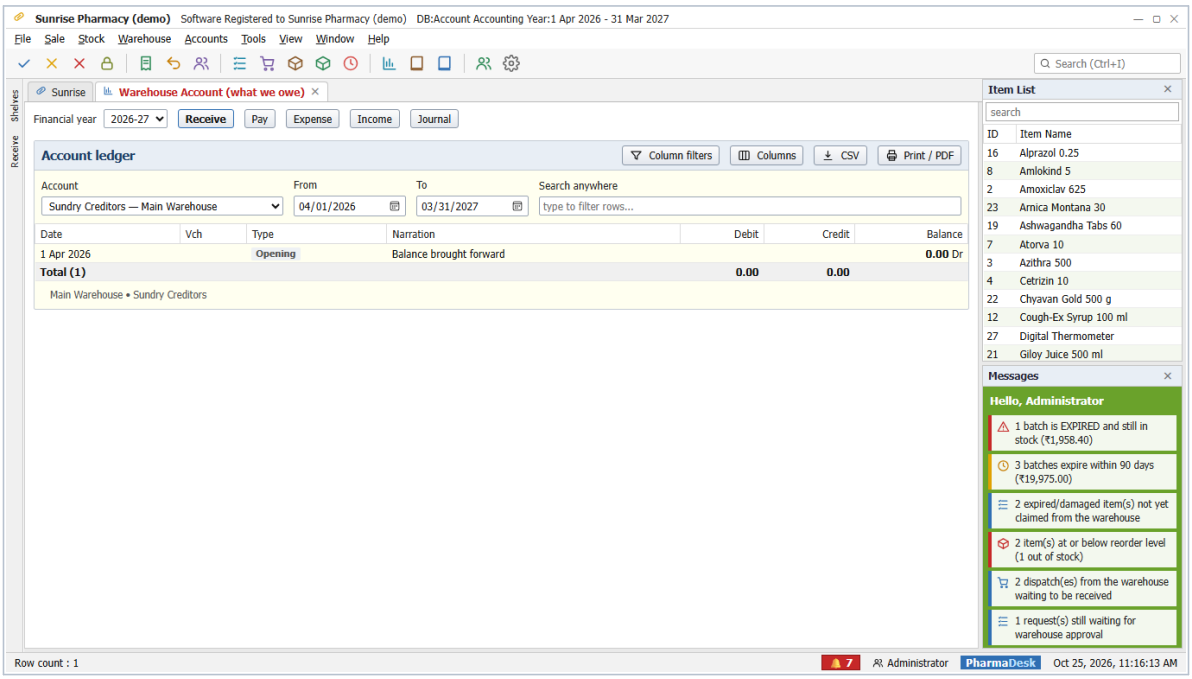

Accounts - Day Book: rozana ka cash status, aaj kitna aaya kitna gaya.

Day Book

Warehouse ko kitna dena hai

Warehouse - Warehouse Account kholo. Isme har receive par "dena" badhta hai aur payment par ghatta hai.

Warehouse ka ledger

1. Warehouse ko paisa dena ho to **Accounts - Ledger** kholo (F8).
2. Upar **Pay** button dabao, warehouse ka account chuno, amount likho aur save karo.

Aur reports

Tools - Reports (F7) me sales, GST, schedule H/H1/X register, doctor wise sales, reorder list, expiry, udhaar aur mahine ka profit sab milta hai. Har report ko Print ya CSV kar sakte ho.

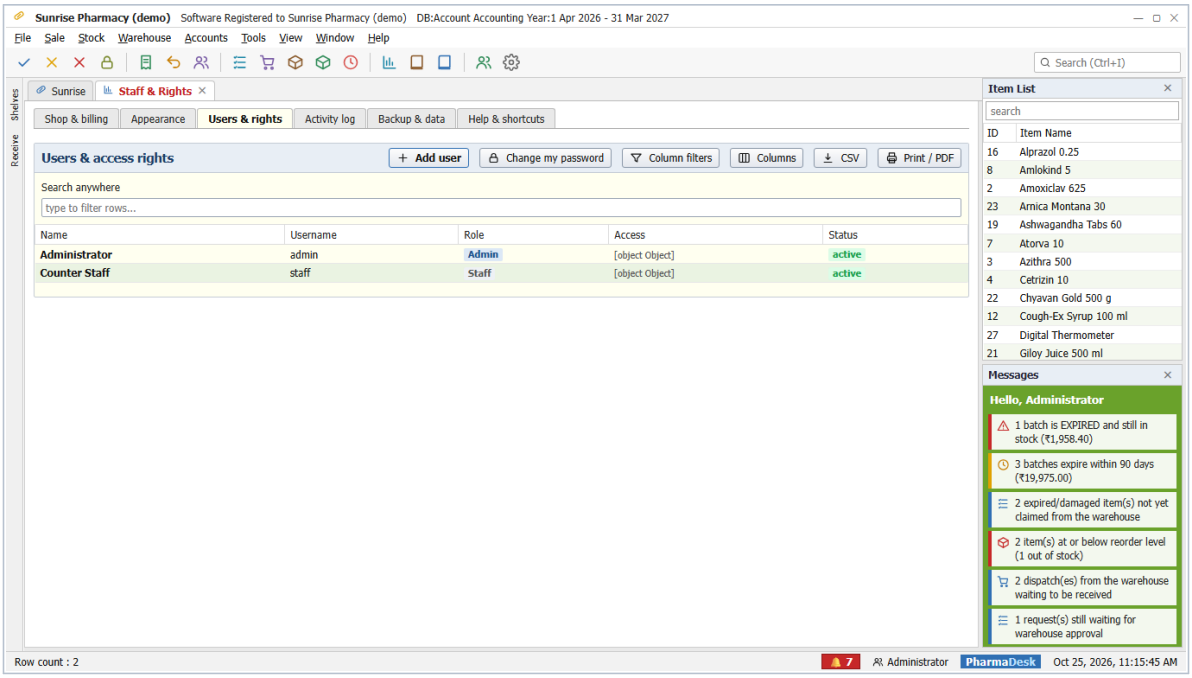

Saal band karna: **Accounts - New Accounting Year**. Pehle backup zaroor lo.

9. Staff login aur Attendance

Shop ka **admin sirf ek** hota hai (malik). Baaki sab **staff** hote hain jinhe sirf wahi screen dikhti hain jo admin ne allow ki hon.

Naya staff banana (sirf admin)

1. **Tools - Staff and Rights** kholo.
2. **Add user** dabao. Naam, username aur password do.
3. Neeche tick karo staff kaunsi screen khol sake (jaise sirf Sales Billing, ya billing ke saath Stock Request aur Receive).
4. Save karo. Staff apne username se login karega.

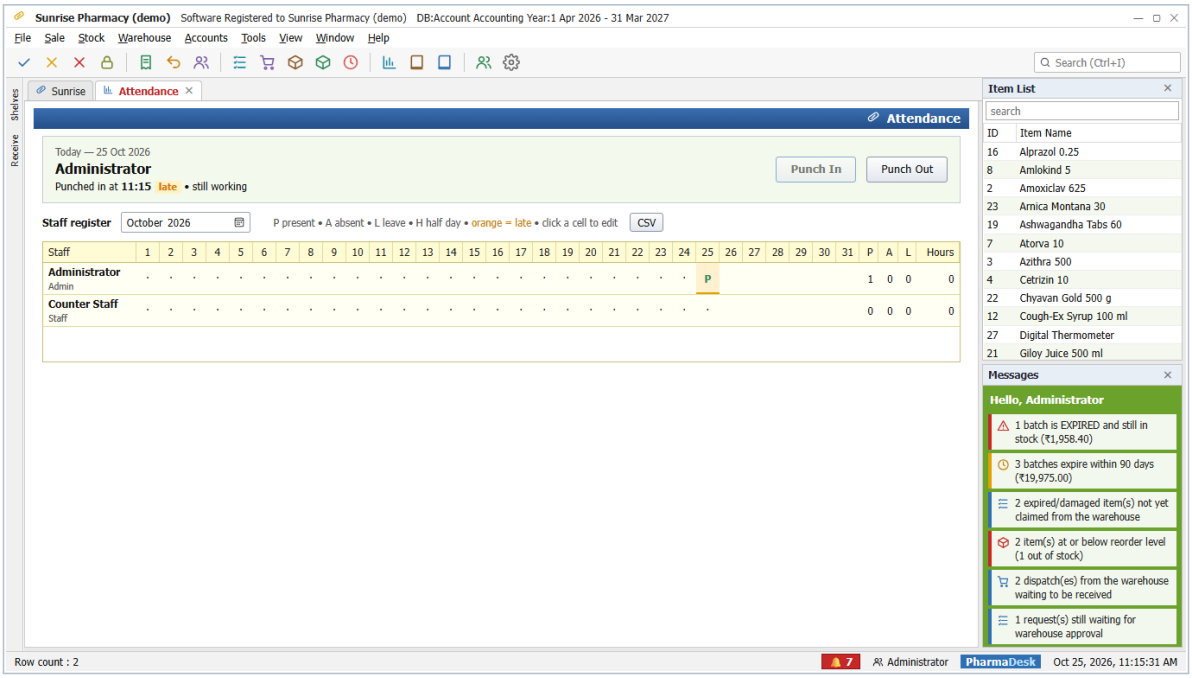

Staff aur rights

Attendance

- Staff login karte hi **punch in** apne aap ho jaata hai. Shift ke baad aaye to "late" ka orange nishan lagta hai. Logout par **punch out**.
- File - Attendance (ya toolbar ka icon) me apni attendance, ghante aur mahine ka register dikhta hai.
- Admin ko **sabka register** dikhta hai: P present, A absent, L leave, H half day.

- Admin kisi bhi din ke dabbe par click karke status, time ya note badal sakta hai aur CSV nikal sakta hai.
- Shift ka time aur kitne minute tak late nahi maana jayega: Tools - Options.

Attendance register

10. Alerts (Messages panel)

Right side ke **Messages** panel me aur neeche ki **ghanti** me alerts aate hain. Alert par click karo to seedha wahi screen khulti hai.

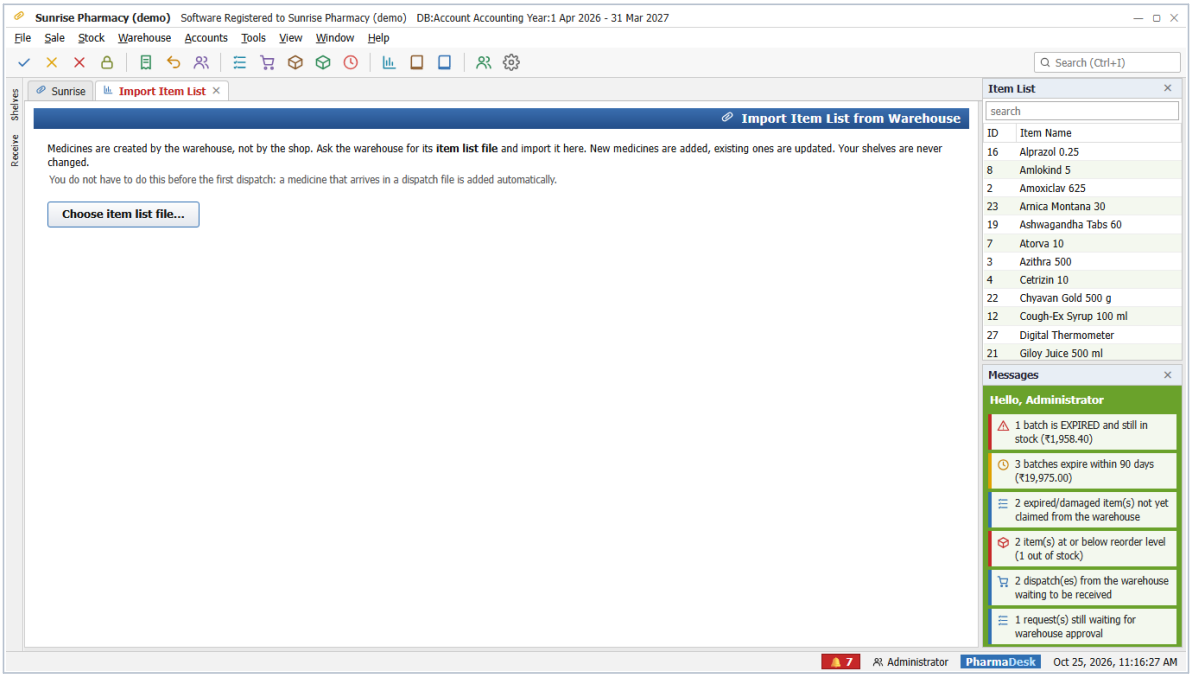

Alert	Matlab	Kya karo
Laal: batch EXPIRED hai	Expire hua maal abhi stock me hai	Stock - Return Expired Stock
Peela: batches 90 din me expire	Jaldi bechna ya wapas karna	Expiry Watch dekho
Stock reorder level se kam	Dawai khatam hone wali hai	Warehouse - Stock Request (Auto Fill)
Dispatch receive karna hai	Warehouse ka maal aa gaya	Warehouse - Receive Stock
Request reject hui	Warehouse ne mana kiya	Request List me karan dekho
Customers ka udhaar	Udhaar baaki hai	Reports - Customer Outstanding
Warehouse ko dena	Warehouse ka paisa baaki	Accounts - Ledger - Pay
Attendance nahi lagi	Aaj punch in nahi hui	File - Attendance

Login karte hi agar zaroori alert ho to ek chhota message bhi aata hai.

11. Warehouse ke saath files ka lena-dena

Warehouse ka software alag hai, isliye abhi shop aur warehouse **files** se baat karte hain. Teen tarah ki file hoti hai:

File	Kaun deta hai	Shop me kahan jaati hai
Request file (.request.json)	Shop	Warehouse - Request List - request kholo - Export request file
Dispatch file (.dispatch.json)	Warehouse	Warehouse - Receive Stock - Import dispatch file
Item list file	Warehouse	Warehouse - Import Item List from Warehouse

Import Item List: warehouse ki item list se dawaiyan shop me aati hain (shelf kabhi nahi badalti)

- **Nayi dawai** pehli baar dispatch me aaye to wo apne aap shop ki list me judd jaati hai. Bas shelf dena yaad rakho.
- Dispatch file ek hi baar import hoti hai. Dobara karoge to software mana kar dega.
- Demo me bina warehouse software ke check karna ho: Request List me pending request kholo aur **Demo: simulate warehouse dispatch** dabao.

Warehouse software wale ke liye file ka format

Request file: type "request", shop, no, date, note, lines (name, qty, unit). Dispatch file: type "dispatch", warehouse, no, date, requestNo, lines (name, batchNo, expiry YYYY-MM, mrp, rate, qty, tax, aur nayi dawai ke liye generic, schedule, mfr, unit, punit, conv). **qty aur rate sale unit (strip) ke hisaab se.** Poora format repo ki USAGE.md me hai.

12. Roz ka routine, shortcuts aur dikkatein

Roz ka routine

Kab	Kya karo
Subah	Login. Messages panel dekho (expiry, kam stock). Attendance lag gayi?
Din bhar	Sale - Sales Bill (F2)
Stock kam ho	Warehouse - Stock Request (F3), Auto Fill, Send
Maal aaye	Warehouse - Receive Stock (F4): ginti, shelf, Receive
Sham	Accounts - Day Book dekho. Logout (punch out).
Hafte me	Expiry Watch, File - Backup and Restore

Shortcut keys

Key	Kaam
F1	Dashboard
F2	Sales Bill
F3	Stock Request
F4	Receive Stock
F5	Current Stock
F7	Reports
F8	Ledger
Ctrl + I	Kuch bhi dhundo
Ctrl + Left/Right	Ek tab se doosre tab me jao

Aam dikkatein

Dikkat	Kya karo
Receive nahi ho raha, "Assign a shelf" likha aa raha hai	Nayi dawai ki shelf khali hai. Shelf column me naam likho.
Dispatch file import nahi hui	File galat ho sakti hai ya pehle import ho chuki hai. Warehouse se dobara mango.
Credit bill nahi ban raha	Customer chuno (patient ka naam). Udhaar limit paar ho gayi ho to software puchta hai.
Bill save nahi ho raha (H1/X)	Doctor ka naam daalo.
Dawai bill me nahi aa rahi	Stock 0 hai ya sirf expire hue batch bache hain. Item List me # laga hai to stock nahi hai.
Data gayab ho gaya	Dusre browser ya computer me khola hoga. Data usi browser me save hota hai jaha kaam kiya. Backup se restore karo.

Backup kaise lein
File - Backup and Restore - Download backup (.json). File kisi safe jagah (pen drive ya Google Drive) rakho. Computer badalna ho to usi page se backup file wapas daalo.
